Cam Locks have Evolved!

TWO UNIQUE FEATURES IN ONE PACKAGE: SELF-LOCKING AND A SPRING-LOADED LATCH.

SlamCAM converts CompX National cam locks into self-locking — just close the door or drawer.

True convenience — release the key, and the self-locking component automatically returns the lock, along with SlamCAM, to the locked position.

- Retrofits CompX National cam locks C8051 through C8075 (7/16" - 1-7/16")
- Helps eliminate security concerns: slam the door and it's locked

Note: Using the self-locking component adds 5/16" to the length of the lock
