

nexTouch™ Keypad Lock

Grade 1 Keypad Access Lock

Features

- Modular technology allows users to upgrade to ZigBee/Z-Wave or Data-on-Card technologies as system requirements change and grow
- Capacitive touchscreen or pushbutton keypad available, for tactile environments and ADA compliance
- Privacy mode enabled by a button push
- Up to 500 user codes in keypad only operation
- 9V battery backup prevents lockout even if the batteries fail
- Available in four finishes and three lever designs

Benefits

- **Easy traffic control:** Engineered to provide a comprehensive easy-to-use access control solution to protect your facility and personnel
- **Modular technology:** Unique and versatile design enables upgrade of the lock's technology when needed
- **Key-free convenience:** Reduces investment and maintenance costs
- **Strong and reliable:** ANSI/BHMA Grade 1 certification ensures long life and reliability
